**PETERSBURG BOROUGH  
ASSESSMENTS & BOARD OF EQUALIZATION**

2019 Property Assessments have been mailed. If you have not received your assessment, or if you have received one in error, please contact the Borough Finance Office as soon as possible.

The assessor has continued a systematic revaluation of land. Please pay close attention to your assessment and the information on the back. Appeal deadline is April 1, 2019 by 4:30pm. Assessment and Appeal information can be found on the borough website [www.petersburgak.gov](http://www.petersburgak.gov) or can be picked up at the Finance Department. If your appeal cannot be resolved with the assessor, the Borough Assembly will sit as the Board of Equalization and will meet April 9, 2019 at 6pm in the assembly chambers. The burden of proof lies with the petitioner, and not with the Assessor.

**Call for Energy Conservation**

As a result of continued dry and cold conditions that are having an ongoing negative effect on the hydroelectric lake levels, PMPL has started a supplemental diesel power campaign.

Customers are encouraged to conserve power in order to reduce the overall requirement for generation fuel and water usage at the Tyee and Swan plants. Below are some tips to help our customers conserve energy needed for heating.

- Close off and don't heat unoccupied rooms.
- Lower your thermostat at night and when you're not home.
- Install a programmable thermostat that can be adjusted to temperatures according to your schedule. And look for the ENERGY STAR label when replacing your system.\*
- Clean out your furnace and heat pump filters to keep them operating efficiently.
- Clean lint out of refrigerator coils and out of dryers.
- Limit use of kitchen and bathroom fans since they pull heat out of the house.
- Weather strip around your doors and windows and anywhere you feel a draft.
- Check ceilings and crawl spaces to ensure there's adequate insulation.
- During winter, open curtains on your south-facing windows during the day to allow sunlight to naturally heat your home, and close them at night to reduce the chill you may feel from cold windows.\*
