PETERSBURG BOROUGH ASSESSMENTS & BOARD OF EQUALIZATION

2019 Property Assessments have been mailed. If you have not received your assessment, or if you have received one in error, please contact the Borough Finance Office as soon as possible. The assessor has continued a systematic revaluation of land. Please pay close attention to your assessment and the information on the back. Appeal deadline is April 1, 2019 by 4:30pm. Assessment and Appeal information can be found on the borough website www.petersburgak.gov or can be picked up at the Finance Department. If your appeal cannot be resolved with the assessor, the Borough Assembly will sit as the Board of Equalization and will meet April 9, 2019 at 6pm in the assembly chambers. The burden of proof lies with the petitioner, and not with the Assessor.

REQUEST FOR PROPOSALS – CONSTRUCTION SERVICES SANITATION DEPARTMENT SOLID WASTE BALER REPLACEMENT

The Petersburg Borough is seeking proposals for construction services related to the Sanitation Department Solid Waste Baler Replacement. The solid waste baler is used by the Borough to compact and bale approximately 2400 tons of garbage and recyclables per year. The selected contractor will supply and install a new baler and conveyor to replace the Borough's existing unit, and will also provide startup and training services for the new equipment. The proposal due date is 2:00 pm on Thursday, April 4, 2019. For more information or to request a copy of the RFP, contact Public Works Director Chris Cotta at (907) 772-4430 or ccotta@petersburgak.gov.

The Southeast Alaska Power Agency (SEAPA) is recruiting for an Operator/Electrician. Compensation is defined in IBEW Local 1547 Collective Bargaining Agreement + excellent benefits. Exciting and challenging position offers exposure to a wide variety of new projects and O&M of existing hydro generation and transmission infrastructure. Base location is the Swan Lake Hydroelectric Facility, located approximately 22 air miles or 27 water miles from Ketchikan, Alaska. Standard work schedule is 8 days on and 6 days off. Position requires residency on site in employer-provided housing during each tour of duty. The position performs typical operations and maintenance duties associated with hydroelectric power generation and transmission facilities and will require travel in fixed wing and rotary aircraft or by boat in inclement weather. Qualifications for the position include a High School Diploma, valid Alaska driver's license and a State of Alaska Department of Labor Certificate of Fitness in Electrical Field. Position is open until filled. A general job description and electronic application process are available online at: <http://seapahydro.applicantpro.com/>.
 SEAPA is an Equal Opportunity Employer.

Public Service Announcement
Call for Energy Conservation

As a result of continued dry and cold conditions that are having an ongoing negative effect on the hydroelectric lake levels, PMPL has started a supplemental diesel power campaign. Customers are encouraged to conserve power in order to reduce the overall requirement for generation fuel and water usage at the Tyee and Swan plants. Below are some tips to help our customers conserve energy needed for heating.

- Close off and don't heat unoccupied rooms.
- Lower your thermostat at night and when you're not home.
- Install a programmable thermostat that can be adjusted to temperatures according to your schedule. And look for the ENERGY STAR label when replacing your system.*
- Clean out your furnace and heat pump filters to keep them operating efficiently.
- Clean lint out of refrigerator coils and out of dryers.
- Limit use of kitchen and bathroom fans since they pull heat out of the house.
- Weather strip around your doors and windows and anywhere you feel a draft.
- Check ceilings and crawl spaces to ensure there's adequate insulation.
- During winter, open curtains on your south-facing windows during the day to allow sunlight to naturally heat your home, and close them at night to reduce the chill you may feel from cold windows.*
