## UNITED STATES OF AMERICA
## FEDERAL ENERGY REGULATORY COMMISSION

**Douglas Leen** **Project No. 14862-001**

### NOTICE OF AVAILABILITY OF ENVIRONMENTAL ASSESSMENT
### (March 30, 2020)

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR Part 380, the Office of Energy Projects has reviewed the application for exemption from licensing for the Kupreanof Microhydro Project, to be located on an unnamed stream in Petersburg Borough, Alaska, and has prepared an Environmental Assessment (EA). The project would occupy 0.651 acre of federal land in the Tongass National Forest, managed by the U.S. Department of Agriculture's Forest Service.

In the EA, Commission staff analyzes the potential environmental effects of the project and concludes that issuing an exemption for the project, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The Commission provides all interested persons an opportunity to view and/or print the EA via the Internet through the Commission's Home Page (http://www.ferc.gov) using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document. At this time, the Commission has suspended access to Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866)-208-3676, or for TTY, (202) 502-8659. You may also register online at http://www.ferc.gov/docs-filing/esubscription.asp to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Any comments should be filed within 30 days from the date of this notice.

The Commission strongly encourages electronic filing. Please file comments using the Commission's eFiling system at http://www.ferc.gov/docs-filing/efiling.asp. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at http://www.ferc.gov/docs-filing/ecomment.asp. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support. In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426. The first page of any filing should include docket number P-14862-001.

For further information, contact John Matkowski at (202) 502-8576 or john.matkowski@ferc.gov.

## PUBLIC NOTICE
## Opportunity to Comment on Ravens Roost Cabin Replacement Project

The Tongass National Forest, Petersburg Ranger District, is preparing an Environmental Assessment (EA) for the Ravens Roost Cabin Replacement project. The District proposes to remove the existing hike-in public use cabin and outhouse and replace it with a new accessible cabin and associated site improvements. The proposed new cabin site is approximately 1.5 miles closer to town than the existing one. The Responsible Official for this project is: Ted Sandhofer, Petersburg District Ranger, ted.sandhofer@usda.gov.

The full description of the Proposed Action is available on-line under the "scoping" tab at: https://www.fs.usda.gov/project/?project=57917. If you require a paper copy or electronic media, or need additional information regarding this action, please contact Tory Houser, Project Leader, at 907-874-7560 or victoria.houser@usda.gov.

**How to Comment and Timeframe**

Individuals and organizations wishing to be eligible to object must meet the information requirements of 36 CFR 218 Subparts A and B.

Specific written comments on the proposed project will be accepted for 30 days following the date of publication of this notice in the Petersburg Pilot, the newspaper of record for the Petersburg Ranger District. The publication date in the newspaper of record is the exclusive means for calculating the comment period for a proposed action documented in an EA. Those wishing to comment should not rely upon dates or timeframe information provided by any other source.

The proposed project is an activity implementing a land management plan and is subject to 36 CFR 218, Subparts A and B. Only individuals or entities who submit timely and specific written comments about this proposed project or activity during this or another public comment period established by the Responsible Official will be eligible to file an objection. Comments must be within the scope of the proposed action, have a direct relationship to the proposed action, and include supporting reasons for the Responsible Official to consider. Persons submitting comments must provide the following information: name and address; title of the proposed project; specific written comments; and signature or other verification of identity upon request. Other requirements to be eligible to submit an objection are listed at 36 CFR 218.25(a)(3). It is the responsibility of the sender to ensure timely receipt of any comments submitted.

Specific written comments for the Responsible Official may be submitted via mail, other delivery service, email, or fax to: Tory Houser, PO Box 51, Wrangell, AK 99929, FAX: 907-874-7595, comments-alaska-tongass-petersburg@usda.gov or through our comment database at https://cara.ecosystem-management.org/Public//CommentInput?Project=57917.

Electronic comments shall be in a format that is compatible with the current version of MS Word.
