## Keep Garbage Secured

Bear activity in town is picking up and incidents of bears getting into garbage have been reported. Public Works would like to remind all Sanitation customers to keep garbage securely stored – preferably indoors - until the morning of collection day. If garbage cannot be stored indoors and must be stored in the garbage can, a rope or strap should be used to keep the lid of the refuse container securely closed. The lid should then be untied on the morning of garbage pickup day to allow it to be emptied by the Borough’s automated collection truck.

Failure to keep garbage properly secured may result in citations and fines as described in Section 14.12.080 of the Petersburg Municipal Code.

Please contact Public Works at 907-772-4430 with any questions.

# PUBLIC SERVICE ANNOUNCEMENT

## SEAPA Annual Maintenance Shutdown 2022

### Fuel Adjustment Charge & Call for Energy Conservation

SEAPA will be shutting down the hydroelectric feed to Petersburg from June 1st - 10th to allow for numerous critical maintenance activities at Tyee Lake, Swan Lake and the SEAPA Intertie transmission line. The Borough Assembly has recently approved a fuel adjustment charge that will be used to offset a portion of the diesel fuel expense incurred by PMPL during the SEAPA shutdown. In recent years, the cost of diesel generation was offset by a SEAPA rebate, but that rebate is no longer being offered. The fuel adjustment charge is directly related to how much diesel fuel is needed to meet Petersburg’s power demands while SEAPA Hydro is unavailable.

The fuel adjustment charge will be calculated based on the diesel fuel expense and the amount of diesel generation compared to overall power sales during the subject billing period. The charge is applied to customer’s kilowatt hour usage during the May/June billing cycle. This one-time charge will be a separate line item on the utility billings that will be sent out in July.

In preparation, Petersburg Municipal Power & Light advises customers to conserve energy, from **May 13th through June 28th** so the fuel adjustment charge will be minimized as much as possible.

**The less power all customers use, the less diesel fuel is needed to meet local power demands and the lower the additional cost will be for everyone.**

PMPL thanks our customers for their understanding, support, and conservation efforts.  
If you have any questions, please call PMPL at 772-5433.
