## PUBLIC SERVICE ANNOUNCEMENT SEAPA Annual Maintenance Shutdown 2025

SEAPA has shut down their hydroelectric feed to Petersburg from June 10th - 18th for their annual maintenance.

Please conserve energy, which helps out operators control the loads and minimizes the amount of diesel burned. **When possible, run appliances during non-peak hours.** Peak hours are from 7am - 10am and 5pm - 8pm.

The less power all customers use, the less diesel fuel is needed to meet local power demands and the lower the fuel adjustment cost will be.

PMPL thanks our customers for their understanding, support, and conservation efforts.

If you have any questions, please call PMPL at 772-5433.
